How do I purchase my parking permit?

- Go to parking.gmu.edu and click on Purchase Your Permit
- Log in using your Mason ID, Mason email password and then click Purchase Your Permit
- Verify and/or edit your mailing address. Resident students must have an active Postal Box number in Patriot Web to use their University address
- Select the permit you would like to purchase

Read all rules, regulations and if you agree click the Accept button. You are responsible for adhering to the posted rules so please make sure you understand before making a purchase.

- Verify permit type and information listed prior to inputting payment information
Click on the “print permit” link just below the permit description on the final screen. This will allow you to print a ten day temporary permit usable immediately while you’re waiting for the permit to arrive in the mail. If your permit does not arrive in the mail within ten days, please go to the Parking Services office to be issued a replacement permit.

Parking Deck permits require an access device that will allow you to enter/exit your reserved areas of the parking deck (if you are purchasing the same reserved Parking Deck parking permit for the 2016-17 academic year that you had for the 2015-16 academic year, your current access device will be reactivated).

If you will need to obtain or exchange an access device, please visit the appropriate Parking Services Office. Please allow 2 business days to obtain access device after permit purchase.
