

Rules & Regulations Relaxed for Reserved Lot, Reserved Deck, Lot M&P & West Campus Permit Owners

If you have a Reserved Lot, Reserved Deck, Lot M&P or West Campus parking permit you may now park in the General parking areas of the Fairfax campus at any time. This includes Lots A, C, K, L, M, O, P and PV lot as well as the General permit area of the Rappahannock River Parking Deck (Levels 1&2 with the exception of the segregated visitor area/paid parking). Rappahannock River reserved permit owners must park in their respective reserved areas when parking in that deck – reserved Rappahannock River permit owners may not park in the General permit area within the Rappahannock River Parking Deck. Furthermore, the overnight restrictions in the Rappahannock River Parking Deck's General permit area have been lifted. This will remain in effect for the duration of the Summer Semester. Please be advised that only applies to the restrictions regarding the General parking areas and does not mean that you can also park in a different Reserved Lot or a different Reserved Deck than where your current permit is valid.

Finally, there is no West Campus shuttle service during the Summer Semester. For more information about shuttle service during the Summer Semester please visit <http://shuttle.gmu.edu/>. If you have any questions please contact Parking Services at 703-993-2710 or email parking@gmu.edu

Thank you.
