

George Mason University requires that a valid DMV issued disabled placard or license plate be visible when parking in a disabled space on Mason property along with a valid Mason parking permit or visitor payment.

Effective August 28, 2017, a new requirement will be in place that faculty, staff, & students must also have a valid disabled sticker issued by Mason Parking Services when parking in campus disabled spaces with a semester, annual, or non-expiring payroll deduction permit.

To obtain one of these stickers please be prepared to provide Parking Services with the following documentation of your disabled parking status: 1) copy of both sides of your disabled placard, 2) copy of DMV issued registration associated with the placard, and 3) copy of your Mason parking permit. If you have a disabled license plate in lieu of a hanging placard, please provide a copy of your DMV vehicle registration. If you wish to have the sticker mailed to you please send the documentation via email to parking@gmu.edu. As well, include your name and G# on any correspondence.

If you wish to get the sticker in person, please bring the documentation to the Parking Services Office located next to the Shenandoah Parking Deck or at the Parking Services offices at the SciTech or Arlington Campuses. These stickers are being issued at no cost. This program has been implemented in order to better enforce disabled parking to assure that only those Mason permit holders who also have disabled placards or license plates are accessing campus disabled parking spaces.

If you have a West Campus or Lot M&P permit and meet these criteria, you are still held to the standard rules and regulations of your permit. This means that you may use the disabled spaces in those respective lots but you cannot use your disabled credentials to park on the East Campus or at the Scitech and Arlington Campuses.

Any vehicles determined to be in violation of these criteria are subject to citation and/or towing at the owners expense.

If you have any questions, please feel free to contact Parking Services at parking@gmu.edu or 703-993-2710.
