

Arlington Student Supplement Parking Permits

Since Arlington General parking permits are now priced differently than Fairfax-Prince William General parking permits complimentary supplemental parking permits for those taking classes at the Arlington Campus with a Fairfax-Prince William General parking permit are no longer available. Students will need to pay the difference in price in order to obtain Arlington Campus parking. Students with Fairfax-Prince William Reserved parking permits taking classes at the Arlington Campus can still obtain a complimentary supplemental Arlington General parking permit. Student access to park in the Founders Hall Garage will require an additional \$150 fee regardless of which Fairfax-Prince William permit one has.
