

PARKING INFORMATION:

Parking passes can be purchased prior to your arrival via Parking Service's website. All permits purchased online can be printed for immediate usage at your home or office*. You can pay with an electronic check, Visa, or MasterCard.

*Once you are done with payment, please make sure to click on the "Print Permit" link which will generate the permit. Once the permit is printed just display it on your dashboard when you are parking in the assigned lot. The permit you are purchasing is subject to all regular Lot R rules and regulations.

Your permit will be valid in Lot R, which is adjacent to Liberty Square.

For move in unloading, we can issue a 2-hour loading pass at the Eisenhower desk. Please note that parking services will ticket vehicles parked in illegal areas and/or without a parking pass. Parking without a pass or with an expired pass is at your own risk.

Visitor parking is available for an hourly/daily fee on the first level of any of the parking decks (Mason Pond, Shenandoah, and Rappahannock).

PURCHASING YOUR PERMIT:

Current GMU Students:

- If you are a Mason Student and have a permit, you can keep your current permit. You can also switch your permit to a Summer Intern Lot R permit by visiting the Parking Services Office.
- If you are a Mason Student and don't currently have a permit, log on at <https://gmu.t2hosted.com/cm/aut/auth.aspx> using your Mason Username and password. From there you can purchase a Summer Intern Lot R permit.

Non GMU Students:

- If you not a Mason student and we have had to create an account for you use this link <https://gmu.t2hosted.com/cm/aut/guest.aspx>. Your username is the email you provided to Housing on your application when you signed up.
- Any special characters that may have been used in the name are not part of your username (for example: john.doe@email.com would have a username of johndoe or raynes_of_castamere@email.com would become ranynesofcastamere).
- Your password will be a generic password that our IT department will email to you.

If you encounter problems purchasing your permit, please contact Kovit Kong in the Parking Services Office at kkong2@gmu.edu. You may direct any other parking questions or concerns to parking@gmu.edu.
